

SPITZER MCP

CHATGPT SETUP GUIDE

Version 1.0 — June 2026

1. OVERVIEW

You can connect Spitzer News and Spitzer Data via our API directly to ChatGPT. Once connected, ChatGPT can securely search, summarize and analyze our articles, situation pages, closing-date estimates, break prices and market-implied closing chances.

2. INSTALLATION

1. Open ChatGPT at <https://chatgpt.com>.
2. Go to **Settings** from the bottom-left profile menu.
3. Select **Apps**.
4. Click **Advanced Settings**.
5. Toggle on **Developer Mode**.
6. Click **Create App**.
7. In the **Name** field, write: *Spitzer*
8. In the **MCP Server URL** field, write: *https://spitzerdata.com/mcp*
9. Set **Authentication** to **OAuth**.
10. Agree to the warning box and click **Create**.
11. A login window will open. Enter your email and username for spitzerdata.com.

12. Back in the chat window, type **@** and select **Spitzer**. Test it out. Try, “What is the break price for NSC/UNP?”
